

New Lexington High School First Semester Exam Schedule January 2015

- ✓ Students should eat lunch according to where their class is during the assigned lunch period (upstairs will eat 1st lunch and downstairs will eat 2nd lunch).
- ✓ For students who have early release, late arrival, or study hall, you are required to follow this schedule and must make the necessary arrangements to be here during the periods for which you have a class. You do not need to be at school during a review session if you have early release, late arrival, or study hall during that period.
- ✓ If you do not have transportation to and from school during a time when you do not have a review session or exam, there will be a study hall in the school cafeteria. School transportation (busing) will operate on its normal schedule during exams.
- ✓ If you have A+, you must be present and in study hall during A+ review sessions and class periods to work on your course recovery.
